Wolff Learning Academy
Content Submission Form

Have an idea or project that requires an educational module that might fit with the Wolff Learning Academy or is part of an Operational Excellence Pillar? Use the Wolff Learning Academy Content Submission form below to guide the education build process.

Wolff Learning Academy Content Submission Form

Who should submit this form?
- Anyone working on an Operational Excellence Pillar for which the project requires an educational component
- You have an idea for education that would support quality improvement, quality, patient safety, or regulatory education for UPMC

When should you submit this form?
- As soon as an education component is known to be needed

What will I need to complete this form?
- Although this list is not comprehensive, below are the main items needed to complete the WLA Content Submission form:

  Course contacts/Content experts   *Target audience*
  Content description   *Goal of the education*
  Objectives   *Timeline*
  CME credits needed   *Copy of content to build***

  ** Content is not required to be completed at the time of form submission

What happens after I submit this form?
- The Wolff Learning Academy Education Team will schedule a Teams call with the project lead(s) to discuss the education submission, timeline, and create a plan.
